Required for April 2017 or sooner if available.

This is an exciting opportunity for a skilled, experienced and enthusiastic practitioner to support in the further development of the popular and oversubscribed resource base for children with Autistic Spectrum Disorder at Billesley Primary School. You will be responsible for working with the Lead Teachers to create an appropriate learning environment and for all aspects of provision in the unit, in partnership with the Vice Principal.

Billesley is a welcoming, vibrant school with supportive staff and Governors. We are determined and ambitious for the future of the school and expect the highest possible standards for our children.

We are particularly interested in practitioners who are able to support further exciting and motivating teaching and learning opportunities within the base and also support staff across the school with training and development in ASD.
