RB	Rayyan D	Rayyan has been working so hard at home! He completes his work everyday and although he is finding some of it tricky, he keeps going and uses the help he gets to persevere and get the answer! We are so proud of you Rayyan. Keep it up!

Sequencing
Work out the next 2 numbers
 $\frac{1}{2}, 1, 1\frac{1}{2}, 2, 2\frac{1}{2} \dots$
 $\frac{1}{2}, 1, 1\frac{1}{2}, 2, 2\frac{1}{2}, 3, \dots$ $3\frac{1}{2}$

Division
725 divided by 5
4 Marks

Cubed numbers
 3^3

Adding Fractions $\frac{3}{7} + \frac{4}{21}$
How do you make the bottom numbers the same?
 $7 \times \frac{3}{7} = 21$
So now the top number also has to be multiplied by 3
 $3 \times 3 = 9$
So now it is $\frac{9}{21} + \frac{4}{21} = \frac{13}{21}$

Sequencing
Work out the next 2 numbers
 $\frac{1}{2}, 1, 1\frac{1}{2}, 2, 2\frac{1}{2} \dots$

Division
725 divided by 5
4 Marks

Cubed numbers
 3^3

Adding Fractions
 $\frac{3}{7} + \frac{4}{21}$

Write a description of what or who you might see inside the hut. This should be at least 4 sentences.

As I stepped Inside the hut there was a **white bright light** in the corner. I noticed a **tiny fairy** floating in the air. The fairy has a **bright glittery pink dress**, and **pale white hair**. She had **glittery wings** moving fast. The fairy looked sad, I asked what was wrong **and** she said 'I have lost my shoes near the mountains!' She wanted me to help her find them. She was happy **when** I said yes. Yayyyy!!! she said. The fairy slowly moved from the corner and gave me a cookie, then we **gently** floated up to the mountains. My shoes! The fairy shouted as she spotted them. **When** I looked there was some **tiny pink shoes** that **clattered** in the snow.

2C	Deen S	Deen works very hard on our Google Classroom and puts a lot of effort into his work. This week he has impressed us with his reading work where he was able to summarise what he had read and share his opinions. Well done Deen!
----	--------	--

Can you summarise what happened in this text?

The Great Fire of London

Think about:

- Where did the fire start?
- Why did the fire start?
- Who put the fire out?

Summarise the main points in one or two sentences.

You do

Summary: The fire started in a bakery on Pudding lane. The fire started because the baker forgot to put out the fire. The fire spread on nearby houses.

There were no firefighters so the people of London had to do it themselves using buckets of water from the river Thames. This didnt work well so they had to break down the buildings to stop the fire.

Think about what you liked or did not like.

Write a sentence or two explaining what you thought about the text. Use a conjunction to explain your answer.

I enjoyed learning about The Great Fire Of London because it was really interesting to know they had no fire fighters in 1666.

Dear diary i feel so relived and happy that the war was over the war was very scary i thought that i would get injured. When the war was over i went to visit my family to see everyone was ok then we had a street party.

Poem

The war was over it felt good
 There was broken house in our sight
 And lots of singing to clerbrate
 And the smell of yummy pastery's that how my victory felt.

I could hear birds tweeting in the distance I could also see long vines climbing up the side of the cave. **How relaxing it was!** The sun was reflecting on the **exquisite sea**. **Would you like it here?** Quickly the wind blew inside of the cave and brushed against me. **How nice this is!**

4M	Leroy W	Leroy is a 'time' superstar this week. He knew the time to five minute intervals, could read a timetable and solved a time problem with reasoning. Well done Leroy.
----	---------	---

Miss Watson: This time says 8 minutes past 1. Look at the big hand - it is pointing to 8!

Mr Deakin: No, the time says 1:40 because the 8 means 40 minutes past.

Who is correct? Explain your answer below.

Mr Deakin is correct because he knows that 5×8 is 40. And the big hand is pointing to the eight that means that it is 40 minutes past.

Challenge Zone

A **relative clause** is a type of subordinate clause.
Can you rewrite these sentences with a **relative clause** to add more information?

Bob was busy making tea.

Sandra quickly completed her homework.

The mouse scurried back to its hole.

The boy dropped his phone.

Try using a range of relative pronouns:
who which whose whom where when

5L	Ana C	Without a doubt, Ana has to be our Star of the Week due to her amazing song that she composed and sang as part of our weekly Creative Challenge. It was such a heartfelt song and made everyone who listened to it extremely emotional.

Monster Hug Song By Ana Chisholm

This is a hug, a monster hug
That I'm sending to you with a lot of love
This is a hug, a monster hug
And it tells you that I love you very much

If you're feeling down just call me up
I'll be there when you need me to give you a hug
In times like these we need so much love
So I'll be there with a monster hug

This is a hug, a monster hug
That I'm sending to you with a lot of love
This is a hug, a monster hug
And it shows you that I love you very much

Even though we're far away
My hugs can reach you anyway
I'm sending all my love to you

And when all this is said and done
You'll get a real hug in person
For right now my monster hugs will do

This is a hug, a monster hug
That I'm sending to you with a lot of love
This is a hug, a monster hug
And it shows you that I love you very much
This is a hug

5B	Zach H	It has been wonderful to see Zach logging on and engaging with our google classroom daily this week! I was especially impressed with his P4C work, which is a great example to show how thoughtful he has been with his answers and learning. Please keep it up Zach, its great to see!

They face there fears and do it without being scared

You dont always have to be brave but when you feel like it you can be brave

It doesn't mean your week but you just try and if you don't want to do it you don't have to

Hi Zach, it is so good to see you joining in with our lessons - we have all missed you.

I think your comments show that you thought carefully about the stimulus that I shared.

Can you think of a time when you had to be brave and overcome your fears?

Your Turn Miss B's group

Dear Diary,

My name is Azlaan Outama and im 11 years old. I **usually** go to Billesley Primary School however i'm leaving to go to Hill Green Secondary School in September. I'm really going to miss Billesley because there's so many memories and i'm going to leave them behind. **However** i want to get back to school because it would be so confusing moving into a new school straight away and we won't be able to do anything fun in my last year at school. Currently i'm not at school. **After school has** because of the new **virus** called COVID-19 or the Coronavirus and because of this horrific event the Government Boris Johnson has put us all in lockdown which i agree we should do however it's still get worse sometimes due to the amount of deaths that there are everyday. So because schools are closed every child the UK, as far as i know has to work on a device at home like how i am now writing this. **Since** lockdown was so boring i tried planting a watermelon plant because my family had a watermelon and so i took 10 seeds and i'm going to plant them today. My whole family doubts it will work and i have no clue what will happen. If this lockdown wasn't here i would have gone to Turkey or somewhere else in the easter holidays. **I** i'm going on a holiday after this is over no matter what! i hope this is over soon and were all **eventually** safe.

Your Turn

Dear Diary,

My name is Umamah. I am 11 years old. I study at Billesley primary school. **However** this is my last year before moving to secondary school. **Recently** people have been **isolating** themselves because of a **virus** called Covid - 19 because of this virus people all ages are having to stay home including kids. **Unfortunately**, the UK, **which is the country I live in**, is in lockdown. This means that everything is closed including: **schools, cafes and shops**. **When staying at home** I do my homework on my laptop virtually. I miss going to school. I think schools may open soon though because our Prime Minister - Boris Johnson - said in his speech that primary schools may open in June for year 6's. As a child I miss my friends and miss going to school a lot. Sometimes I find it extremely hard to keep my selves entertained during these weird times. Normally, I would wake up at 7.00 or 7.30 but because there's nowhere to go I sleep in at 9.00 9.30 or even 10.00 sometimes. **We all have to connect in a different way I often that with my friends on facetime it's really depressing. that we can't see each others faces in person. **On a dark basis**** I wake up, have breakfast, get dressed and then do my homework online. We do get homework everyday because it's really important to catch up with work. I hope people find a vaccine to cure this illness. Umamah
