

STARS OF THE WEEK

Class	Name	Reason
RB	Stanley U	Stanley has been an absolute superstar with his home learning! Not only has he been keeping up with all of his online learning, but he has been doing lots of amazing activities at home from making a model solar system, creating a glowing lava lamp, and even growing vegetables from scraps. Well done Stanley! We are so proud of you!
		
Nur	Zidaan M	Zidaan has accessed our online learning from the very beginning and had worked so hard to complete the challenges at home. This week Zidaan got working in the kitchen to create funny face pizzas! He helped to add all the toppings and safely placed them in the oven. Great work Zidaan!
		

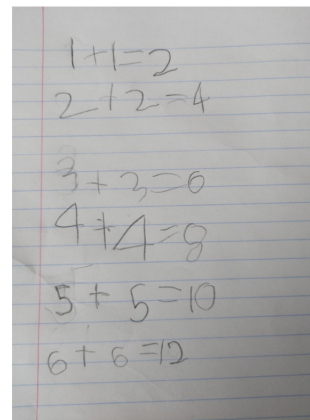

STARS OF THE WEEK

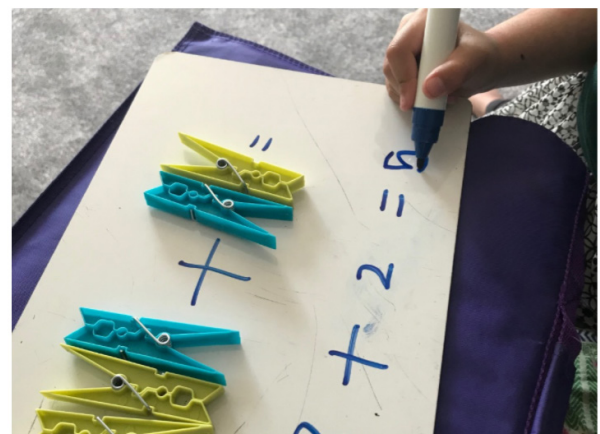

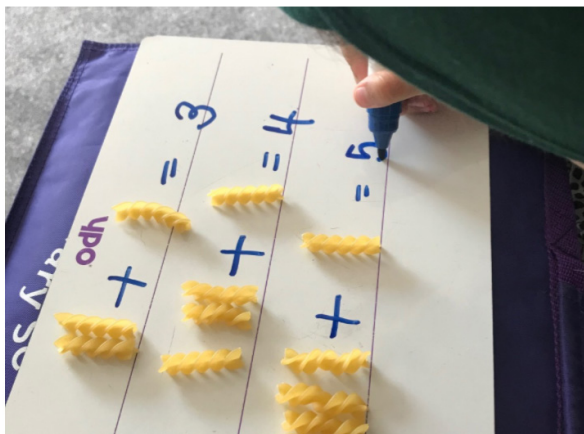

Class	Name	Reason
RF	Emmanuel W	Emmanuel produced an amazing set of instructions for brushing his teeth this week as part of his home learning daily challenges. Keep up the amazing work!

RL	Zinab A	Zinab has worked super hard on all of her tasks this week. She particularly impressed us by using resources from home to practice doubling the amount of items to 10 and writing number sentences to represent her doubling. Excellent work Zinab!
----	---------	--

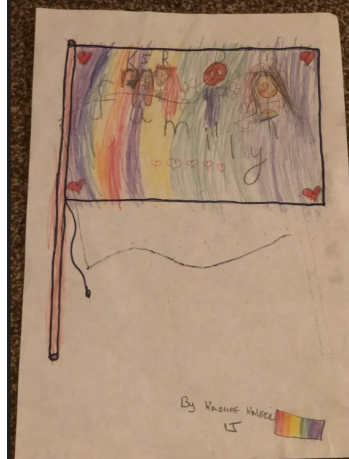

RM	Aleeza T M	Aleeza has impressed all the Reception teachers with her amazing maths work. She was able to work out a number of addition sentences up to 10 using pasta! You're a true superstar!

STARS OF THE WEEK

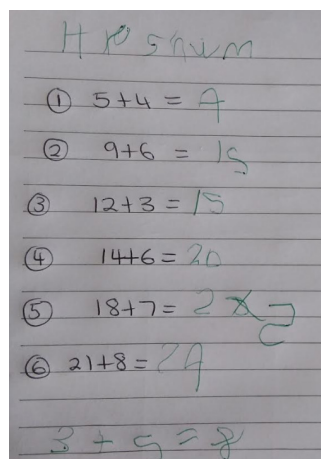

Class	Name	Reason
1J	Kashaf K	This week Year 1 had their first task set on google classroom. This week the children were asked to create their own flag for their own house. Kashaf used her imagination and creative skills to create an amazing flag! Well done Kashaf!

1M	Hussain B	Hussain is a superstar this week as he completed Year 1's first assignment on Google Classroom. After listening to the Geography lesson, Hussain was able to design his own flag. Keep up this brilliant effort Hussain - Well done!
----	-----------	--

1G	Hashim H	Hashim is this week's Star of the Week because of all the incredible work he has sent in. We have loved looking at your maths work and reading your writing. Well done Hashim!

2T	Elva Y	Elva has been working so hard on Google classroom and has been completing every piece of work set for her! She also did a brilliant job on her maths lesson this week finding missing numbers on a numberline!

YOU DO

2H	Mohammed S N	It has been wonderful to see Saeed logging on and engaging with our Google Classroom every day! I was especially impressed with his Humanities work this week. Saeed tried exceptionally hard and identified key facts about beach safety and staying safe in seaside towns. Keep it up Saeed, we are extremely proud of you!
----	--------------	---

Flags at the Beach

Bathing Flag	Surfing Flag	Danger Flag	Orange Windsock
The area is watched by lifeguards. Between two of these flags is a safe place to swim and use a bodyboard.	The area is safe for water activities like surfing and kayaking, but not safe for swimming or bodyboarding.	Danger! NEVER enter the water when you see this flag.	Dangerous wind conditions. Never use an inflatable like a rubber ring or dinghy - you could get swept out to sea.
 Bathing Flag	 Surfing Flag	 Danger Flag	 Orange Windsock

Retrieve the answers to the following questions using the information included on the previous slide.

You do Part 2

- Name something you can do to protect your eyes?
- What do you need to drink lots of at the beach?
- Name 2 creatures that you need to be careful of in the sea.
- Who patrols the beach?
- If you ever see someone in trouble at the beach, what should you do?

2C	Mya K	Mya has worked so hard on Google Classroom this week and made her teachers very proud. Her maths work was fantastic and she put in so much effort when finding missing numbers on a numberline. Well done!

I can sort objects into 'light sources' and 'reflective surfaces'.

Can you sort the objects into light reflectors and light sources?

LIGHT SOURCES	LIGHT REFLECTORS
candle sun firefly light bulb	moon cat eyes fold

3M	Lawrence R	What a fabulous few weeks Lawrence has had. We are very proud of all his hard work on Google Classroom, from his VE day project, to being the most improved player on TTRockstars, to accurate scientific explanations and hearing about him helping his neighbour. On top of all that, he is regularly completing our daily tasks. Well done Lawrence; keep it up!
----	------------	---

I can show how light enables me to see

When I turn off all my lights at night, I can no longer see the pencil. When I turn the lights on, I can see it again. This means the pencil must **vanish** when the lights are off. Do you agree? Explain your answer.

Type here: No because the pencil is still there. We just can't see it because the lights are off and there is no light to shine onto it to reflect into our eyes to enable us to see the pencil.

What is something good that has happened at home? 🍷🏠

I have helped my neighbour to walk his dogs

How has it made you feel? 🧑🏻👍

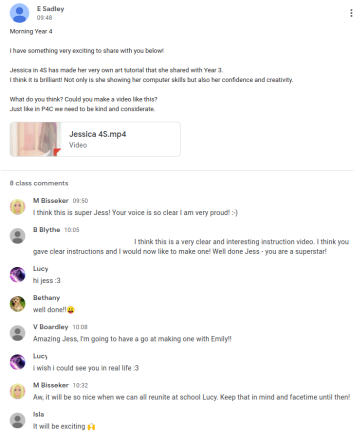

Very happy

Questions ???

Cat habitats

There are 37 species of wild cats in the world. They live in many habitats from snow-capped mountains to deserts, and grasslands to tropical rainforests. Most of the seven biggest cats are found in places with wet and dry seasons where the weather is warm all year round.

KEY MAP GUIDE

- Rainforest
- Forest
- Grassland
- Desert
- Mountains

Mountains
The snow leopard lives high-up in the freezing Asian mountains.

DISAPPEARING WORLD
Fewer than two-thirds of the world's wild cats are now seen or endangered. This is because many habitats are disappearing as humans move into places where big cats live.

How many species of wild cat are there in the world?

37 species

Where does a snow leopard live?

IN Asia india pakistan and china

Can you tell me a fact that you have learnt on this page?

There are some habitats some of them live in the grassland and rainforests and some live on mountains.

Forests and rainforests
Tropical rainforests in Central and South America are home to jaguars and pumas. Tigers and leopards are found in forests in Asia.

Grasslands
The rich grasslands of Africa are home to lions, cheetahs and leopards. A few of these cats also live in some parts of Asia.

STARS OF THE WEEK

Class	Name	Reason
5G	Eisa S	Eisa has really impressed me this week with his writing in particular where he created a brilliant and imaginative character description. Well done!

As he stood there glaring at his enemy ready to attack, his body became tense and charged like a raging bull. Growling with intent, his expression became menacing and fierce.

His razor sharp claws glistened in the light. He knew that his Adamantium metal blades were indestructible. They could slice any object like a knife through butter. Also he is indestructible so he can't die or get hurt which comes in handy when a person is going to attack.

His X-Men flight suit was golden like the sun with hint of the deep ocean blue. His bulging muscles could be seen under his flight suit, his raging expression was hidden by his fitted mask.

5L	Rahmath H M	I am always impressed with Rahmath's work, but her writing this week was especially brilliant! She used superb similes and beautiful vocabulary for her character description!
----	-------------	--

Hands like claws of the birds of prey and feet sharp as knives, superwoman is able to climb and hang up on everything. Her sturdy and muscular triceps and biceps are able to stretch numerous allowing her to lift and carry weighty objects.

Her eyes are the most powerful tools which shine like gold in the darkest of the night. She is able to spot all things,

Lengthy and blonde, her hair is able to flow spontaneously through the wind allowing her to grasp the enemies effectively. Her spiral, ruby cape is the well know signature of her.

You know when she is coming!

5B	Rizwan K	It is wonderful to see Rizwan engaging daily on our Google classroom! I have been extremely impressed with maths work and the understanding of fractions, Keep it up Rizwan, I am very pleased!

RELIABLE SOURCES

credible
trustworthy
objective

Think back to the last lesson on Ancient Egyptians.

Why would the book written by a professor be reliable?

Answer here ... **Because reliable resources have been used to create that book and it's a professor's job to find facts about the specific topic they're looking at.**

6B	Paige W	In the last couple of weeks, Paige has completed every single piece of work she has been set in classroom. Not only that, but she has put an outstanding amount of effort into each one and makes sure she responds to her feedback. We are all so proud of you Paige - you are amazing!

You do: Question 5

'Is that a caiman?' asked Con, pointing at the far shore.

Max's eyes widened. 'Make it go away!'

'No! Of course not. It's just a log,' said Lila, taking her brother's wrist in her hand. But, over his head, she met Con's eyes and whispered, 'Maybe.'

Fred steered closer to the bank, his heart thumping. They sped down the corridor of green. Fred tried to hold their course with the pole. Trees dipped into the water on either side of them, like curtains at

5) Look at page 8.

What **impression** do you get of Max during the raft ride?

Impression:	Evidence:
Worried	Because he was keeping on saying go away
