In a city, filled with tall buildings, lived Spidergirl. She lived over the water in a quiet house all on her own.

Spidergirl was looking for a new adventure. She had just turned her hair red and she was admiring it in the mirror.

Her bell started to ring which signalled a problem in the city! Spidergirl pulled on her black, shiny suit and jumped on her huge white boat.

Spidergirl was hearing news that Joker had been up to mischief. She wondered what he had been doing to make the bell ring so much!

Spidergirl asked Joker, "What have you been doing? I will save the day!" But, Joker ran off without answering.

As quick as a flash, a huge explosion filled the sky! Spidergirl raced towards it to help any injured people!
